LITERARY NOTES.

KICHARD WAGNER AS HE WAS. The widow of Richard Wagner some me ago authorized her husband's life ong friend, Houston Stewart Chamberlain, to write, with her assistance, two articles on "The personal Side of Richard Wagner." Mr. Chamberlain understood the work, and The Ladies' Home Journal secured the material. The articles are singularly valuable in that they give a complete picture of the man in his home and daily life, and contain much new matter, while many of the illustrations and portraits have never been printed. There will be two articles, "His Personal Side" and "How He Wrote His Overas," and the first one will appear in the October number of the magazine.

JOHN KENDRICK BANGS' NEW STORIES. John Kendrick Bangs' newest stories are to appear in The Ladies' Home Journal. They are called "Stories of a Suburban Town." There are several, and each will relate some droll incidents in the life of a small town which every "suburbanite" will instantly appreciate and enjoy laughing over. MISS WILKINS FIRST PICTURES. The first portraits taken of Mary E.

Wilkins which she has ever liked will be printed in the October Ladies Home Journal. There will be nine of them. and they will show the famous New England story-teller at home and with her friends around her.
